

THE NATION'S HUMANITIES COUNCILS

An investment in America's communities

The humanities are at the heart of a thriving democracy.

We urge Congress to provide robust funding for the National Endowment for the Humanities, including a significant investment for the state and jurisdictional humanities councils in FY 2024.

Funding History for the NEH and the State and Jurisdictional Humanities Councils (in millions of dollars)

	FY 2018	FY 2019	FY 2020	FY 2021	FY 2022	FY 2023
Federal/State Partnership	47.200	48.000	50.028	51.576	54.348	65.000
Total, NEH	152.848	155.000	162.250	167.500	180.000	207.000

Communities across the nation depend upon state and jurisdictional humanities councils for critical support for their cultural infrastructure to help make sense of issues facing our nation. Global concerns about democracy are growing, and the 250th anniversary of the Declaration of Independence is quickly approaching. To continue to provide both in-person and virtual humanities programming and much-needed resources, an increase is requested for NEH and the humanities councils in FY 2024.

The humanities councils, with programs in nearly every congressional district, are uniquely positioned to serve our nation.
